What should I write down when I take notes?

Note: Leave space in the Connections Column so you can add notes and test review questions later on when studying

How can I take notes faster?

Write down only important information. Look for:

- bold, underlined, or italicized words
- information in boxes or with an icon/symbol
- headers/subheaders on the page
- information the book or teacher repeats
- words, ideas, or events that might be on a test
- quotes, examples, or details you might be able to use later in a paper or presentation

- abbreviate familiar words/use symbols (+, -->, #)
- take notes in bullets and indents; not formal outlines
- cut unnecessary words
- use telegraphic sentences: "America enters war 12/44"

Down here write one of the following; summary of what you read/lecture; the five most important points of the article/chapter/lecture; questions you still need to answer.
