Salary and Teaching Schedule Update

Salary and Teaching Schedule and CESI is still delayed. Please gather all the following information to be prepared once it opens: teacher number, type of certificate and expiration date, all found on teaching certificate; base salary, annual health insurance amount paid by district, annual teacher retirement paid by district, other pay. Your CTE salary amount (\$1000 part-time or \$2000 full-time) will automatically be added, so do NOT include it. You need enrollment numbers by gender for each course taught. You will also need unduplicated enrollment by grade. We will notify you as soon as it opens for data collection.

STAR Events Online Project Summary Form

The STAR Events Online Project summary form will be operational by November 1. Plans are to have it located within the FCCLA Portal www.fcclainc.org so that teams no longer have to complete multiple versions of the same document, as previously done with Survey Monkey. If the form is not available by November 1 in the FCCLA Portal, a temporary form will be provided on the national FCCLA website for use until the final version is completed.

Did you know...?

Competitive Event Manual

Can't find the full version of the STAR Event Manual? It can now be found on the affiliation website under the Resources tab. Access is only granted to chapters who have paid their affiliation.

FCCLA Event Postponement Procedures

As soon as the decision is made to postpone a FCCLA event, an announcement will be put on the front page of the Oklahoma FCCLA website (www.okfccla.net) and on the Oklahoma FACS Ed Facebook page. The program specialists will then contact teachers impacted by the change through email and/or text. Please remember that Oklahoma weather is unpredictable. You and your school administration make the final decision regarding your students' safety.
