SPECA FY18 Webinar: K-14 Education Grants

Are you a K-14 educator who likes to use food, agriculture, natural, or human sciences to enhance your teaching? You may be eligible to apply for up to \$300,000 for your school. Join an informational webinar to learn more. The Request for Applications is open until Wednesday, April 4, 2018. Visit the [\(SPECA\) funding opportunity page](#) to access application instructions and abstracts of previously funding grants.

Date: Wednesday, February 21, 2018 **Time:** 2:00 pm EST (1 hour)

Link: <https://goo.gl/LpgA3P>

Closed captioning will be provided. If you cannot attend, a recording will be made available on the [SPECA program page](#).

ECONnections Webinars Now Archived and Available

If you missed the webinar on personal finance resources for the high school classroom this month or you'd just like to catch the highlights again, it's now available online and on demand for your use! Access the webinar, along with other archived webinars and professional development resources [here](#).

FDA Professional Development Program in Nutrition and Food Safety

Science, health, and family and consumer science teachers fully funded by the FDA have an opportunity to provide inquiry-based lessons related to outbreaks, recalls, and nutrition. Lessons can be found in the curriculum Science and Our Food Supply developed jointly by FDA and NSTA. In order to prepare teachers to use these lessons, the FDA provides a free multidimensional professional development program that will take place July 15 – 21, 2018 in Washington, DC. Included in the program are transportation to and from Washington and all housing and meal expenses. Selected teachers are asked to implement the supplemental curriculum in their classrooms during the 2018 - 2019 school year and to do a hands-on workshop on the curriculum for other teachers. To apply on line – deadline April 17, 2018- go to: <http://www.teachfoodscience.org/apply.asp>.

Did you know...?

National Leadership Conference

The turn-around for registering for National Leadership Conference will be quick this year since state convention is one week later. I encourage all chapters who are competing at state to get approval to attend the National Leadership Conference from your board in March. Let's use the Boy Scout motto and "Always Be Prepared!"

Now Online! STAR Event Online Orientation Videos

The online STAR event videos can be found on the Oklahoma FCCLA website, okfccla.net. Click on Competitive Events on the left and scroll down to STAR Event Orientations. Participants in these national events will need to watch the video and bring the signed page with them to state competition.

Hear Ye, Hear Ye

The state officer candidate speeches are online and can be found at okfccla.net! Scroll down on the left side and they are toward the bottom of the page. Voting delegates should watch the speeches before coming to state convention to cast the votes for your chapter.

Money, Money, Money!

OSU college of Human Sciences is once again offering the FCCLA scholarship for graduating seniors. Applicants must choose a major found in the College of Human Sciences. Application deadline is March 15th. The scholarship will be awarded at state convention, therefore applicants must be in attendance. [Apply Now](#)

Evaluators Needed for FCCLA Program Awards

Have you ever wondered what other chapters do for the FCCLA National Programs? Well here is your chance to gain some project ideas to incorporate into your classroom! FCCLA is seeking nationally affiliated advisers and student members to help with the electronic Program Award evaluation process, which will take place in early to mid-March. Evaluators typically review between 15-25 applications during approximately a ten-day period (this will vary based on the number of applications and evaluators). Evaluations are done online utilizing an evaluation rubric. [Sign Up](#)

STAR Events Online Project Summary Form

Please use [these instructions](#) to help you find and fill out the required STAR Events Online Project Summary Form located on the "Surveys" tab in the FCCLA Portal. As a reminder, only one submission is needed per entry, and an email confirmation is sent to the email associated with the student submitting the information. Information may be edited at any time, but replacement confirmation emails will need to be requested by emailing competitiveevents@fcclainc.org.

Need help with FCCLA registrations? Do you have any questions about competitive events? Contact Gail Taylor at 405.743.5472 or gail.taylor@careertech.ok.gov.
