

**UTAH CTE SKILL CERTIFICATION
SUMMARY SCORE SHEET
MEDICAL ANATOMY AND PHYSIOLOGY
BENCHMARK 1 – Anatomy and Physiology – TESTS # 702 & 703 (retake)
BENCHMARK 2 – Medical Terminology – TESTS # 704 & 705 (retake)**

The performance evaluation is a required component of the skill certification process. Each student must be evaluated on the required performance objectives.

Performance objectives may be completed and evaluated anytime during the course.

- Students should be aware of their progress throughout the course, so that they can concentrate on the objectives that need improvement.
- When a performance objective has been achieved, “Y” (Y=YES) is recorded on the Summary Score Sheet. If a performance objective is **not** achieved a then “N” (N=NO) is recorded on the Summary Score Sheet for that objective.
- All performance objectives **MUST** be completed and evaluated prior to the written test.
- The teacher will bubble in “A” on the answer sheet for item #81 for students who have achieved “Y” on **ALL performance objectives**.
- The teacher will bubble in “B” on the answer sheet for item #81 for students who have **ONE or more "N's"** on the performance objectives.
- The signed Summary Score Sheet(s) **MUST** be kept in the teacher’s file for **two years**.
- A copy should also kept on file with the school’s CTE skill certification testing coordinator for two years.

Students who achieve ALL performance objectives and 80% or better on the written test will be issued a CTE skill certificate for the Anatomy and Physiology and/or the Medical Terminology benchmarks.
