

UNIT 10 - DIGESTIVE SYSTEM

ACTIVITY – Digestive Sing-a-long

Objective:

Students will review and reinforce what they learned about the digestive system by singing the following song in class.

Strategy:

Copy the words of the song for the students and have them sing the words with the entire class.

Optional: You may make an assignment for the students to make up their own song to a tune of their choice and perform it for the class or have the entire class sing with them.

DIGESTIVE CHRISTMAS to the tune of “Silver Bells”

Put tomăto in stomat/o
Put odont/o to work;
Add sial/o to form a nice bolus.
Push with gloss/o to pharyng/o
Deglutition takes place
Down esophag/o to gastr/o- it’s here!

After time, slimey chyme
Slips right on through the pylorus.
Duoden/o, then jejun/o,
Soon it is ile/o time!

Now the cec/o, past appendic/o
Up ascending col/o,
‘Cross the transverse, descending, goes feces.
Now sigmoid/o, to the rect/o,
To the an/o and then –
Anal sphincter takes over from there.

Christmas time
Is a time
We celebrate with digestion.
Now we know
Where it goes
(In) medical terms all the way!
