ENTREPRENEURIAL CAREER ASSESSMENT FORM

Entrepreneurs apply their talents in a wide variety of ways, but many seem to have some characteristics in common.

The Entrepreneurial Career Assessment Form can help you learn more about entrepreneurs and more about yourself. By taking the assessment, you can gain insight into the differences between being self-employed and working for an employer. When you rate your response to each statement, you may understand why self-employment appeals to you. You may also learn about areas where you need to improve.

The assessment form is not a test and does not predict business success. There is no single set of characteristics that accurately describes all entrepreneurs. You may score low on the assessment and still succeed as an entrepreneur.

There are 20 statements in the assessment form. Choose the extent to which you agree with the statement from Strongly Agree to Strongly Disagree. After you complete all 20 items, you will receive a score indicating your suitability for self-employment. You can also review an analysis of all of the statements in the form.
