

# **DREAM HOUSE INFORMATION**

**Please answer the following questions during your presentation on your dream house project. You may add any additional comments, if you prefer. The presentation will be graded and should last approximately 3 – 4 minutes. This presentation is worth 50 points towards your dream house grade. When presenting your dream house to the class, use at least ten vocabulary terms discussed in class.**

- 1. Discuss your client profile: Who was the house designed for? How many people are in your family? Will you have children? How many pets will you have, if any? What is the occupation of the guardians? Does the family entertain often? What is the budget for the dream house? What is the housing style of your dream house?**
- 2. Why did you choose the house and floor plan? What features do you enjoy about this house? Why did you choose the floor plan for the dream house? Ultimately, what state would you choose to build your dream house?**
- 3. How did your furniture arrangement make your rooms functional? What color schemes did you choose for your rooms or house? What flooring did you choose for your rooms and why? What lighting did you choose for your rooms and why? What wall treatment did you choose for your rooms and why? What furniture did you choose for your rooms and why? What window treatment did you choose for your dream house and why? What wall groupings did you choose for your dream house and why?**
- 4. What were two frustrations you encountered while working on your dream house?**
- 5. What did you enjoy most about this project and why?**
