

This program of study can serve as a guide along with other career planning materials as learners continue on a career path. Courses listed within this program are only recommended coursework and should be individualized to meet each learner's education and career goals.

Early Care & Education: Pathway to CDA

The Early Care and Education program at CV Tech is designed to prepare students for employment in child care occupations. The **National Accreditation Commission for Early Care and Education Programs (NAC)** accredits the on-site **Child Development Center**, where students will experience rotations with children six weeks through five years of age. Students in this program will begin their portfolio to earn **The Child Development Associate (CDA) Credential**.

Secondary Plan

Secondary:		Tuttle High School - 261097050					
	English	Math	Science	Social Studies	Other Required Courses/Electives	Other Required Courses/Electives	Other Required Courses/Electives
