## **Graph of the Week**

April , 2021

Questions to ask when reading graphs:

Name

Analyze the graphs below and write a reflection on what you think the graphs are communicating to you. To guide you with your response, start with some observations.

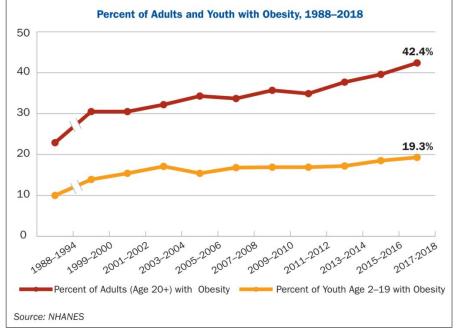

> Is there an upward or downward trend?

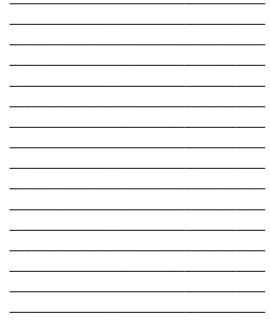

• What is the topic of the graph?

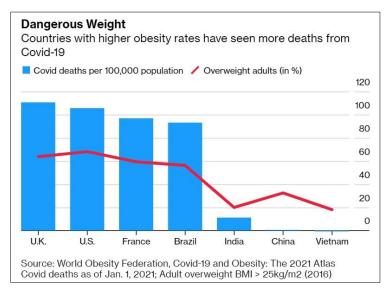

- Are there any sudden spikes in the graph?
- What quantities are being compared? (If there are x- and y- axes, what do they represent?)
- What is being compared in the graph?
- what do they represent?)
  What are some observations that you can make based on the graph?
- What prediction can I make for the future?

• What do you foresee happening in the next 10 years?

➤ What inferences can I make about the graph?
