Fall 2020 Student WBL Video Contest

The Oklahoma Department of CareerTech wants to share your work-based learning story. And we are willing to part with some cash for the effort! We want you to shoot a video sharing the positive benefits you see from participating in WBL. We want it in your own words!

Deadline to submit videos is **December 20, 2020**. [Click here](#) to find out more and download the flyer to learn more.

Wow... who would have imagined that we would be conquering so many obstacles this year. I want to say THANK YOU for all that you have done for your students. I know it is not the ideal situation but I appreciate each and every effort you each have put forth to continue educating FCS students. Best wishes for a smooth finish to the semester and hopes that 2021 will bring us good fortune and a return to "normal".

Here are a few items that we have received questions about.

EOI- If you teach a course that has an EOI, please continue to give them to your students. We know this year you may be struggling more to complete the coursework and understand that the scores may reflect this as well. However, we still need the data provided.

Advisory Committee- Many programs did not have their annual advisory committee meeting last school year due to the sudden closure of schools. However these meetings need to resume for the 2020-21 school year. Meeting can be virtual or in-person. This is always a good opportunity for you to include industry people in your FCS program. They can serve as mentors, guest speakers, STAR Event judges, etc.

FCCLA activities- There will continue to be some adjustments made for activities throughout the remainder of the year. It is our hope that there will be some in-person activities, but we must consider what is best for all members across the state. We continue to ask for your patience as we move forward.

Have a Merry Christmas and Happy New Year!
See you in 2021

Exciting updates to iCEV's integration with Google Classroom

See details below or read the detailed iCEV blog [here](#).

NEW Features Added: Google Classroom Integration

We are continually working to improve the integration between iCEV and Google Classroom to make your experience as seamless as possible. With the latest update, you will now have the ability to share printable resources, create due dates for assignments, and schedule assignment visibility. Preview the new updates below or [click here to view the updated iCEV + Google Classroom Guide](#).

Sharing Printable Resources

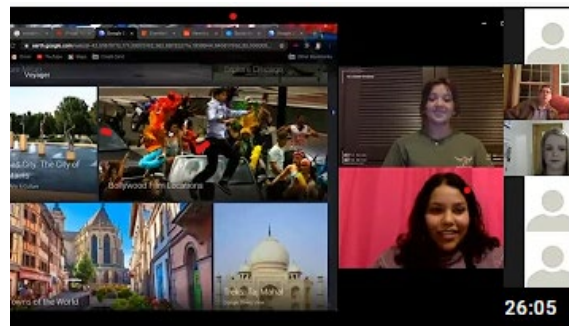

In addition to sharing multimedia lessons and interactive coursework, you can now share printable resources from our online library.

Adding Due Dates to Course Work

You may now select the date and time in which you would like to require students to complete their assignments. **Please follow Central Standard Time (CST)**. The time zone can not be altered.

Schedule Available Dates & Times

You can now choose to schedule the date and time in which you would like to students to be able to access shared content. Just check "Schedule Available Date & Time for Future" and select a due date and time. **Please follow Central Standard Time (CST)**. The time zone can not be altered.

Looking for something valuable and exciting to assign to your students? Watch the video above by clicking on the picture.

Plan now to attend the virtual Oklahoma Association of Family and Consumer Sciences annual conference! General sessions and workshops will focus on FCS issues and topics ranging from family stress, play through the lifespan, advocacy, and financial management to techniques for strengthening teaching skills. There will also be sessions dedicated to jelly making and to apparel construction. The cost: \$20.00! You can join the live sessions, or you can watch them later. Registration materials will be available soon. Questions? Contact Dr. Paula Tripp, VP of OAFCS, at paula.j.tripp@okstate.edu.

December FCCLA Competitions

Gingerbread and tacky mask decorating competition deadline is **December 23rd**. Post your photo and use #tackymaskokfccla2020 or #gingerbreadfccla2020 to have your photos entered.

75th Anniversary Campaign

This is a great resource for the Counseling and Mental Health course.

Mind Matters' lessons teach people how to respond to negative experiences with innovative methods based on current research and neuroscience. These skills give individuals a way to take charge of their emotions and improve their states of mind. Participants learn to address their physical, relational, and mental health needs.

Mind Matters' practical, hands-on lessons explore the effects of adversity and toxic stress along with the healing process. Each lesson includes activities that build resilience and increase hope.

This is the complete 12-lesson series. **You may purchase and watch them at any time.** Your purchase will include an access link to watch the series on the Dibble platform.
