Teacher Setup Instructions:

1) Divide your students in groups of 3-4 students.
2) At each group, have a supplies container. The order of the supplies in the container does not matter. Have the following supplies in each container:
    1) Task Direction Pages (page 4, 6, 8, and 9)
    2) Task 1 Secret Message Page (page 5)
    3) Task 2 Word Cards – Printed on Cardstock, cut, and in a Ziploc bag (page 7)
    4) Task 4 Symbol Cards – Printed on cardstock, cut, and in a Ziploc bag (page 10)
    5) Task 4 "Teamwork" poem (page 11)
    6) *Optional* – Team Signs (pages 17-26)
    7) Scratch Paper
    8) 1 type of technology (iPad, laptop, tablet, etc.)

3) Have a way for your students to access the google form. I put the link in Google Classroom, but you could also write the link on your board.

Google Form:
https://goo.gl/4q8rvL

How to Play

1) Follow Setup Instructions on page 2 first.
2) Go over the tasks directions with your students using the tasks directions pages.
3) Give instructions for how to access the Google Form (link on board or through Google Classroom –however you've decided to do it). Explain to students that they must complete the 4 tasks in order.
4) Google form will ONLY allow the correct answer, so if the student is unable to move on then they know they have the wrong answer and must redo that task to correct their error. Once the student has the correct code for ALL stations, the Google Form will say they have escaped. They must show you the screen that says they have escaped to prove they have escaped.
