New Career Clusters Framework Modernization

Greetings,

Please take a few minutes to read this and complete the survey by **December 1**. It is important that we have a voice in the new Career Cluster Framework. We want to make sure Family and Consumer Sciences is still seen in the new design. If you have any questions feel free to contact me, Holly.Hanan@careertech.ok.us or call 405-743-5465.

The National Career Clusters® Framework is undergoing a modernization effort led by Advance CTE. The National Career Clusters® Framework National Implementation Survey is now open and an opportunity for you to provide input on how you use the Framework now, how you desire to do so in the future, and what tools would be useful in implementing a modernized Framework. The FCS Community has developed this [document](#) (click on FCS Cluster button) to assist in garnering support for an FCS Career Cluster, as well as this [video](#) to help explain the importance for FCS to engage in the advocacy of this effort through this survey.

The National Career Clusters® Framework National Implementation [Survey](#) is open until **December 1** to all practitioners of the Framework of all experience levels. The survey takes 10 minutes to complete and includes multiple-choice and open-response questions.
