HW: Why should I be a Member?

FCCLA CREED

We are the Family, Career and Community Leaders of America.
We face the future with warm courage and high hope.

For we have the clear consciousness of seeking old and
precious
values.

For we are the builders of homes, homes for America's future,
Homes where living will be the expression of everything that is
good and fair,
Homes where truth and love and security and faith will be
realities, not
dreams.

We are the Family, Career and Community Leaders of America.
We face the future with warm courage and high hope.

Why should I join FCCLA?

Student-led Organization

FCCLA empowers young people to become leaders in their families, careers, and communities through personal growth, career preparation, and community service

Leadership Opportunities

FCCLA empowers students to take charge and make a difference in their schools and communities. Whether organizing events, advocating for important causes, or mentoring peers, members develop the skills and qualities essential for success in future careers and personal endeavors.

Community Service Involvement

FCCLA inspires members to make a positive impact by engaging in meaningful service projects that address local and global needs. Through hands-on experiences, members learn the importance of empathy, collaboration, and civic responsibility.

Networking & making new friends

FCCLA's networking events provide a platform for members to exchange ideas, gain insights into diverse career paths, and build lifelong relationships. Whether attending national conventions or participating in regional events, members have the chance to interact with like-minded individuals who share a passion for leadership and community service.

Competitions/Travel Opportunities

FCCLA offers members the chance to explore new places and cultures through regional, state, and national conferences held across the country. These events not only enhance leadership skills but also provide invaluable experiences that broaden perspectives and inspire personal growth.
