

## **CAREERS PROJECT**

Our FCS Careers Project is a self-directed project for which you will explore your interests and how they line up with possible careers you may choose in the future. You will be developing a poster or portfolio profiling the information you find about THREE possible careers you are interested in.

### **Required information for each career in your project:**

JOB TITLE

JOB DESCRIPTION

HELPFUL HIGH SCHOOL COURSES TO HELP YOU PREPARE FOR THIS CAREER

EDUCATION REQUIREMENTS

COLLEGES IN OKLAHOMA THAT OFFER YOUR PLAN OF STUDY

PREDICTED COLLEGE EXPENSES

JOB FORECAST

PREDICTED SALARY FOR THAT CAREER

IS THIS CAREER CONSIDERED TO BE A TRADITIONAL OR NON-TRADITIONAL CAREER?

A PICTURE/PHOTO/DRAWING DEPICTING EACH CAREER

A major resource for this project is the **OKCareerGuide.org** website. You will take the Kuder Assessment to learn about possible career interests, skills and values needed for different jobs and proceed to research careers from there. You will present your poster, Prezi, or portfolio to the class, so you need to prepare a professional presentation.

You will be graded on how thorough you are with your research, how neat your visual presentation is, how well you present in class, and how engaged you are during class time. You will keep a daily log of what you accomplish each day to help you stay engaged and finish your project on time. As usual, exceptional work will be rewarded! Personal initiative goes a long way!

Please email with questions: [susan.thompson@owassops.org](mailto:susan.thompson@owassops.org). I am here to help you succeed, so please let me know how I can help make that happen!
