

Work from Home Remodel

Interior Design 1

You have just accepted a Work-from-home job with great pay. The first thing that needs to be done is to find a space in your current home that will work as an office space. Once you have chosen a space you will remodel the space to fit your needs. You have a budget of \$4000.00

Requirements

You will fill in the Google Slide template that has been provided and use the attached links to help you find materials, furniture and furnishings. Each slide will include all requirements.
