## STARTUP WARS

What if your students could experience running a startup, making real decisions, facing real consequences, and learning from their mistakes, all within your classroom?

Meet Startup Wars

A gamified business simulation platform that puts students in the driver's seat. They don't just learn about entrepreneurship -- they live it.

- Launch and run simulated businesses (T-shirt Shop, Food Truck, Mobile App, and more)
- Make strategic decisions on pricing, marketing, operations, and resource allocation
- Get immediate feedback on every choice -- they learn what works by doing, not reading

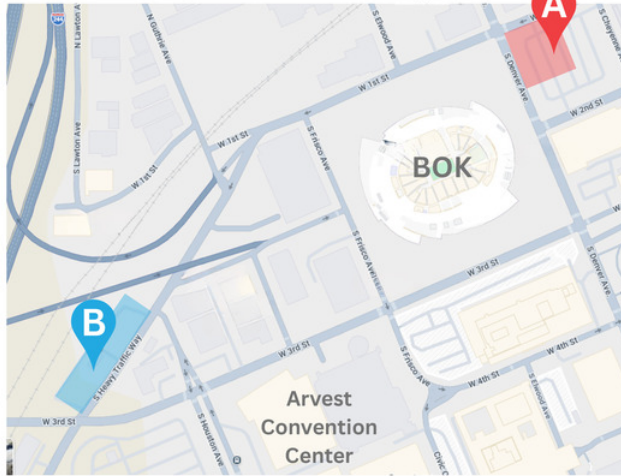

It fills the "experience gap" employers complain about, keeps students engaged, and it's built for busy educators.

## FCCLA State STAR Events Schedule Posted

The State STAR Events schedule is now posted on the Oklahoma FCCLA website. This schedule will let you know which event is taking place on March 25 or 26 and if it is in the morning or afternoon. If you do not have competitors competing at State STAR events, you do not attend. Competitors only need to be there for the registration of their event session. Example - if your competitor isn't competing until the afternoon session, they'll need to arrive for the afternoon session and not the morning.

In September, national FCCLA made the decision to remove the STAR Event Orientation point from the event point summary forms. To be consistent and align with National FCCLA, Oklahoma FCCLA is not requiring online orientation forms. For the Oklahoma Events, this is still listed on the point summary form; each student will automatically receive their point for this. Point Summary Forms will be updated for the

2026-2027 school year.

An orientation video for students and evaluators will be available on the state website and strongly encouraged for all participants to view.

## 2025-2026 Competitive Events Guidelines

> **Resources** > **Competitive Events** > **2025-2026 STAR Events**. Within the STAR Events section, you'll find a folder for each event containing its specific guidelines, rubrics, and resources.
