

## Let's Go to College: School Spirit (4th & 5th Grade)

You can do anything you set your mind to, including going to college. College is a great place to learn and enjoy school activities. When you go to these events you can show your school spirit. Some colleges even have school spirit competitions, like door decorating contests or cheer battles. Other schools have cool mascots that engage the crowd during an event. These activities are simple ways to show school spirit. No matter which college you attend you can always have pride in your school.

### Door Decorating Contest

Instructions: Design the door below to show support for the college you want to attend.

#### EXAMPLE

## Mascot Story

Many mascots have a story that explains how they became the school mascot.  
Draw a mascot for your school and create a story of how your mascot received its position.

### EXAMPLE

Hi! I'm Perry the Penguin and I'm the mascot for OCAP University.

I used to waddle around campus looking for something to do.

Then someone invited me to a sporting event and it was fun!

My excitement at the game helped others cheer on our team.

Our team won their first game of the season that day!

After the game, the team asked me to be the school's official mascot!
